

The Complete Intercom & Access Control Solution for Multi-Tenant Properties

For total control and convenience in your property management, Akuvox's smart intercom solutions deliver a seamless experience with advanced features and intuitive controls.

How It Works

With Akuvox, multi-tenant properties can embrace a **seamless integration** of advanced intercom & access control solutions, featuring use of:

- Door Stations
- Indoor Monitors
- Access Control Systems
- Cell Phone App
- Cloud-Based Property Management Portal

Easy-to-Use Property Management Portal

Property managers are equipped with a **cloud-based portal** that allows property management from any browser.

- Issue **temporary keys** and QR codes for staff & employees.
- Easily create and assign access groups for seamless security management.
- Optional property management app.
- Conduct security audits of door-related data such as door release and capture logs.
- **Manage both** intercom and access control systems from the portal.

Door Stations

Akuvox's top-quality IP intercoms and video door phones redefine the multi-tenant experience, delivering a fusion of security and convenience of a true modern access control solution.

- **Various Entry Methods:**
Bluetooth, NFC, PIN & QR Code, Key Card, Facial Recognition, & more.
- **HD Audio, Video & Camera**
- **Built-In Card Reader:** 13.56MHz & 125 KHz
- **Weather & Vandal-Resistant:**
Certified IK & IP Ratings.
- **Seamless Integration**
between Indoor Monitors, Access Control & Tenant Apps.
